

DD/A/ODP WEEKLY REPORT
Week of 29 July - 4 August 1977

I. Major Activities During the Past Week:

A. Support to OP

STATINTL

PERSIGN - Integrated Personnel Information System. Work is progressing on the specifications for the EOD action. To date, the analysts are on schedule for their 21 October completion of this task.
[REDACTED]

B. Support to OTR

STATINTL

PREVMAIN - A system for preventative maintenance for Office of Training. The customer will be contacted to ensure the receipt of the memorandum sent last week. The memorandum described the AEMMS System being implemented for HEB/RECD/OL. The customer was asked to review the system requirements, input menus, and reports to determine if his needs were met by this system. A response is required in order to assure the adequacy of the design to meet [REDACTED] requirements.
[REDACTED]

STATINTL
